

IDEA Dispute Resolution Data Summary for: Marshall Islands 2004-05 to 2016-17

The Individuals with Disabilities Education Act (IDEA) requires states and entities receiving IDEA grants to make available four dispute resolution processes and report annually on each to the U.S. Department of Education Office of Special Education Programs (OSEP). The four dispute resolution processes include written state complaints, mediation, due process complaints, and resolution meetings associated with due process.

The purpose of this summary is to provide an historical look at dispute resolution data and to assist with the identification of trends and changes in the use of the IDEA dispute resolution processes over time. Additional summaries can be found on the CADRE website at: <http://www.cadeworks.org/resources/cadre-materials/state-part-b-dispute-resolution-data-summaries>

This summary features data for school years ("SY" July 1-June 30) 2004-05 through 2016-17 drawn from CADRE's National Longitudinal Database. Data are collected from the following sources: [1] from SY 2004 to the present, dispute resolution activity reported in states' Annual Performance Reports (APRs), first as Attachment 1 and later as Table 7; [2] from SY 2006 to the present, Section 618 data collected by the Data Accountability Center (DAC) and now (as of SY 2011) reported to EDfacts; [3] data published in OSEP's Annual Report to Congress; and [4] data adjustments collected from states by CADRE after OSEP and DAC data were locked. Westat/DAC raw data files for SY 2005-2010 are available at: <http://tadnet.public.tadnet.org/pages/712>.

CADRE examines dispute resolution data for internally inconsistent values (based on report element definitions). When inconsistent values are found, they are reconciled with OSEP. States are encouraged to submit notes or explanations regarding any conditions, anomalies, or corrections relating to the data included herein. CADRE is looking to improve the usefulness of these reports. *** The counts reported under "Decisions within extended timeline" represent the number of written decisions from a fully adjudicated hearing that were provided to the parties in the due process hearing more than 45 days after the expiration of the 30-day or adjusted resolution period, but within a specific time extension granted by the hearing officer at the request of either party. No data is collected on the length of these time extensions.
